

High-Priced Propulsion-Related Parts – Cybertruck

In compliance with California law, Tesla provides a High-Priced Propulsion-Related Parts Zero-Emissions Vehicle (ZEV) Limited Warranty for all vehicle trims that are model year 2026 and later. The "High-Priced Propulsion-Related Parts" covered by that limited warranty are listed below. For more information, and to view the New Vehicle Limited Warranty, refer to: <https://www.tesla.com/support/vehicle-warranty>.

- High Voltage Battery (HVB) assembly
- Rear drive unit assembly
- Front drive unit assembly (excludes Rear-wheel Drive)
- Rear drive unit return hose (excludes Rear-wheel and Dual-motor Drive)
- Rear drive unit supply hose (excludes Rear-wheel and Dual-motor Drive)
- Front drive unit high voltage harness (excludes Rear-wheel Drive)
- Left rear drive unit high voltage harness (excludes Rear-wheel and Dual-motor Drive)
- Right rear drive unit high voltage harness (excludes Rear-wheel and Dual-motor Drive)
- Drive inverter assembly (4DU)
- Power Conversion System (PCS) assembly
- PCS coolant hose assembly
- Service Device Cluster assembly
- Ancillary low voltage harness
- Last mile busbar assembly
- Left mid voltage controller
- Right mid voltage controller
- Rear mid voltage controller
- AC junction box (excludes Rear-wheel Drive)
- AC junction box to fast contactor high voltage harness (excludes Rear-wheel Drive)
- AC junction box to PCS high voltage harness (excludes Rear-wheel Drive)
- Device cluster to PCS high voltage harness (excludes Dual motor and Tri-motor Drives)
- Fast charge high voltage connector header
- Left bed harness
- Right bed harness
- Jumper shunt harness
- Rear halfshaft assembly
- Front halfshaft assembly (excludes Rear-wheel Drive)
- Supermanifold assembly
- Supermanifold harness with standalone controller
- Cooling fan module assembly
- Device cluster mid voltage harness
- Charge port and busbar assembly

Effective August 18, 2025
